# STORAGE SOLUTIONS

# STORAGE SOLUTIONS

Guialmi STORAGE oferece uma gama completa de soluções para o arquivo de informação e documentação nas organizações. Guialmi STORAGE dispõe de diferentes coleções, com um posicionamento claro e definido no que diz respeito à estética dos produtos, à tipologia dos espaços a que se destinam e à sua função: **D/LINE • S/LINE • K/LINE • BELLOW • BLOCOS.**

Os armários e blocos Guialmi STORAGE são fabricados em chapa de aço e pintados a epoxi-poliéster. As portas destes elementos de arquivos podem ser fabricadas em melamina, laminado de alta pressão, madeira natural, chapa de aço e polipropileno (persiana).

Guialmi STORAGE ofrece una gama completa de soluciones para el archivo de información y documentación de las empresas. Guialmi STORAGE dispone de diferentes colecciones, con una posición clara y definida en cuanto a la estética de los productos, la tipología de los espacios a los que se destinan y su función: **D/LINE • S/LINE • K/LINE • BELLOW • BLOCOS.**

Los armarios y bloques Guialmi STORAGE están fabricados en chapa de acero, pintados con pintura de polvo epoxi-poliéster. Las puertas de estos archivos pueden fabricarse en melamina, laminado de alta presión, madera natural, chapa de acero y polipropileno (persiana).

Guialmi STORAGE offers a complete range of solutions for a company's filing system of information and documentation. Guialmi STORAGE has various collections on offer and a clear and well defined standing regarding the aesthetics and space typology for its products: **D/LINE • S/LINE • K/LINE • BELLOW • BLOCKS**

The cabinet and the blocks Guialmi STORAGE are manufactured with steel sheets and painted with epoxy-polyester. The doors of these products may be manufactured with melamine, high pressure shavings, natural wood, steel sheet and polypropylene (blinds).

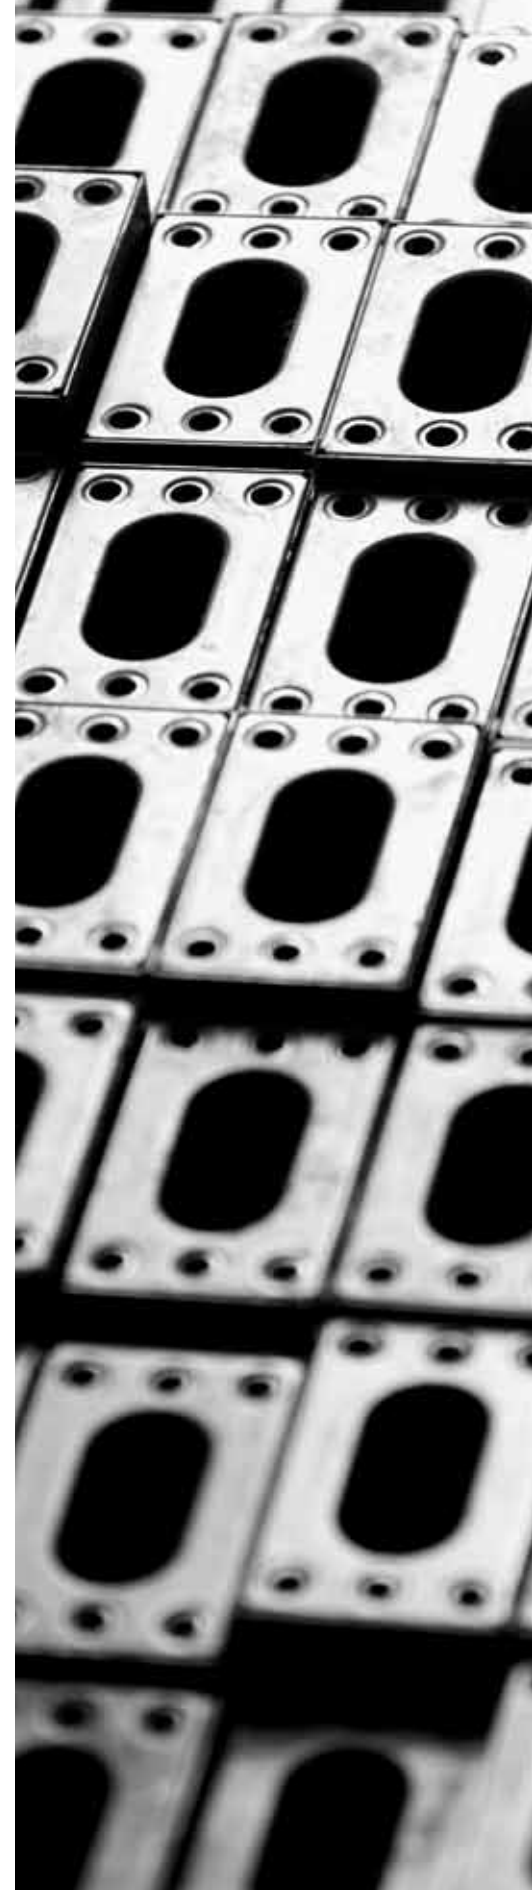

Guialmi STORAGE présente une gamme complète de solutions pour le classement de l'information et la documentation dans les organisations. Guialmi STORAGE propose différentes collections, et accorde un soin particulier à l'esthétique de ses produits, leur fonction et typologie des espaces qu'ils occuperont: **D/LINE • S/LINE • K/LINE • BELLOW • BLOCOS.**

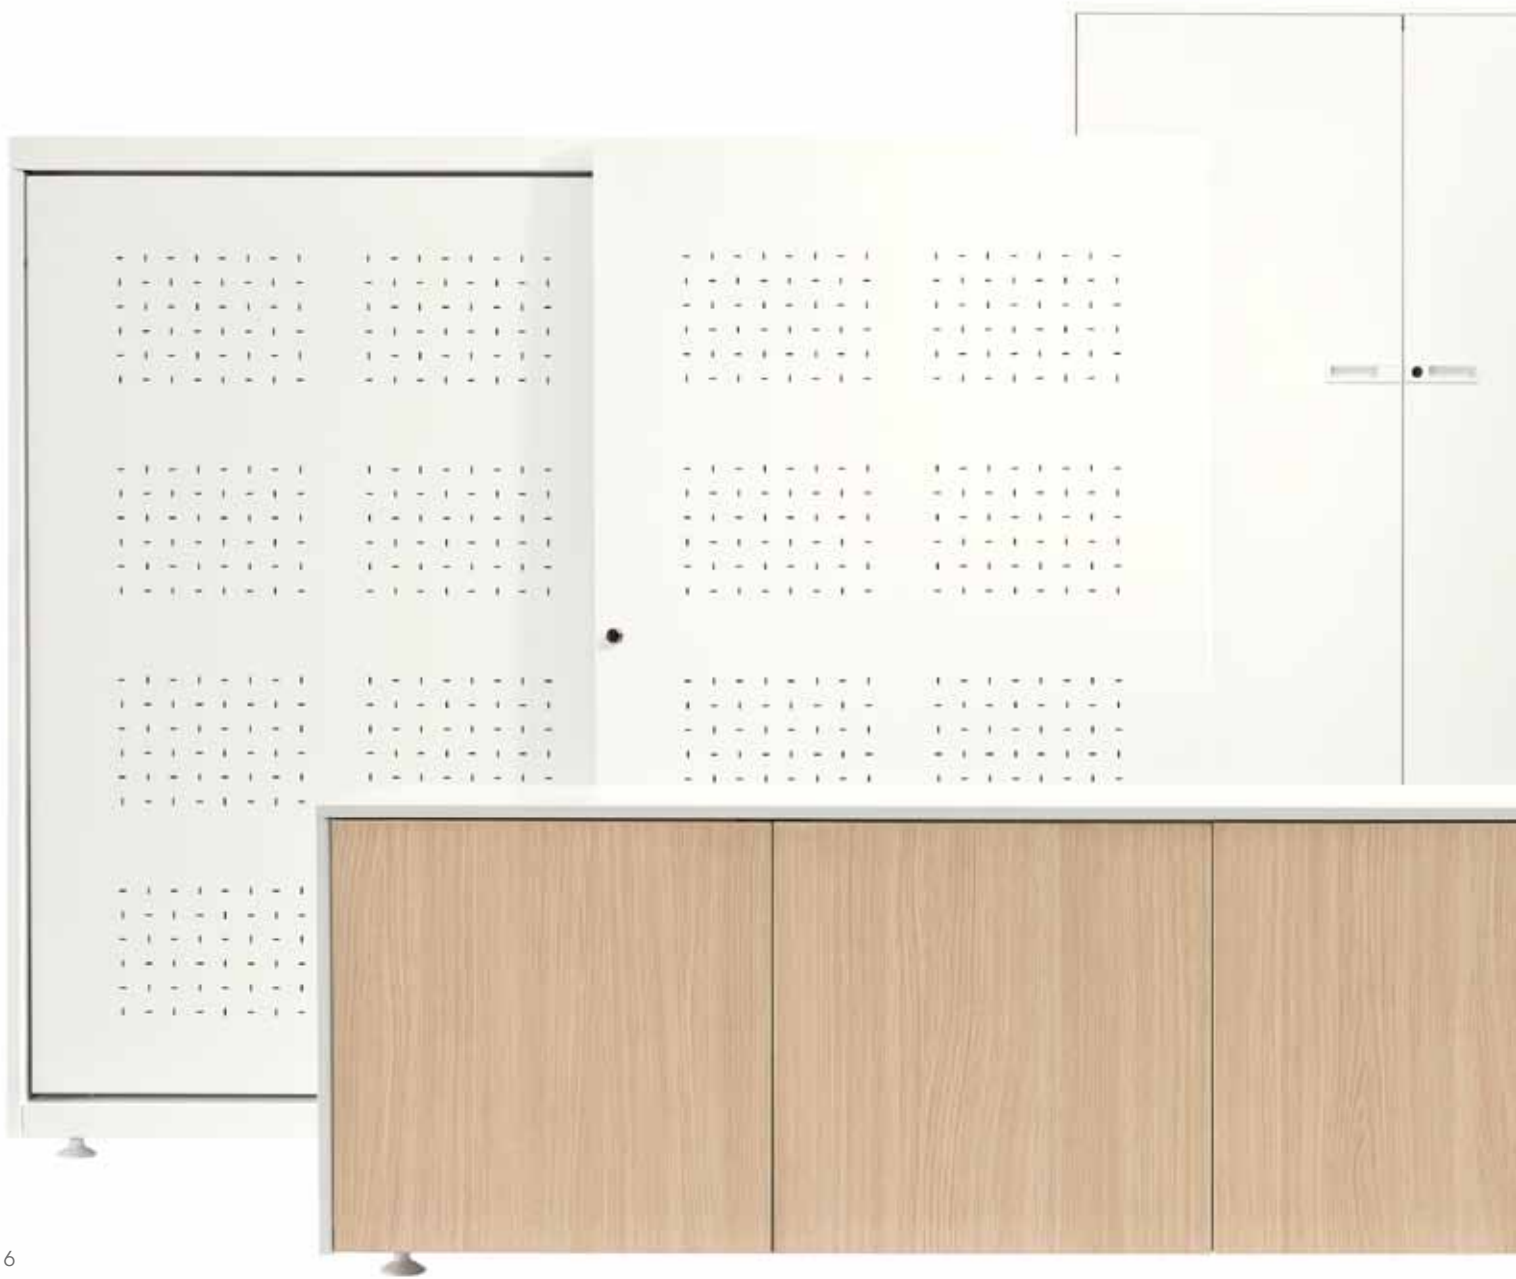

Les armoires et les blocs Guialmi STORAGE sont fabriqués en tôle d'acier et peints à l'époxy-polyester. Les portes de ces modèles d'archives peuvent être fabriquées en mélamine, panneaux laminés à haute pression, en bois naturel, ou encore en tôle d'acier et en polypropylène (persienne).

# D/LINE

As organizações em geral quando pensam nas suas necessidades de organização e arquivo de documentação, pensam sobretudo em aspectos relacionados com a função, o espaço, a quantidade de informação, a qualidade do armazenamento... mas os padrões de exigência têm vindo a aumentar e há hoje uma nova espécie de empresas – aquelas que atribuem valor aos detalhes – neste caso também à estética, à acústica, à integração dos espaços...

A pensar nestas organizações a Guialmi desenvolveu um novo sistema de arquivo – D/LINE. Uma gama extraordinariamente ampla que propõe soluções variadas e adaptadas às especificidades de todos os tipos de espaços – open space, private offices, salas de reuniões, gabinetes, áreas comuns, break-out... **D/LINE by GUALMI.**

Generalmente, cuando las empresas piensan en sus necesidades de organización y archivo de documentación, se centran, sobre todo, en aspectos relacionados con la función, el espacio, la cantidad de información, la calidad de almacenamiento, etc.... Pero los patrones de exigencia han ido aumentando y, hoy en día, existe un nuevo tipo de empresas que valora más los detalles, en este caso también la estética, la acústica, la integración de los espacios... Pensando en este tipo de empresas, Guialmi ha desarrollado un nuevo sistema de archivo – D/LINE. Una colección de estética cuidada que asegura y profundiza los aspectos funcionales. Una gama extraordinariamente amplia que propone soluciones variadas y adaptadas a las especificidades de todos los tipos de espacio – open space, private offices, salas de reuniones, despachos, zonas comunes, break-out... **D/LINE by GUALMI.**

In general when companies think about their organizational needs for the filing of the documentation, they mainly think about the aspects that are related with the function, the space, the amount of information, the quality of the storage ... but demanding patterns have been increasing and presently there are different types of companies – those that look at details – in this case also regarding aesthetics, sound proofing, the division of the space .... Thinking about these types of companies, Guialmi developed a new filing system - D/LINE. This is a very acute and aesthetic collection, guaranteeing functional aspects. An extraordinary wide range that proposes various solutions, which are adapted to the specificities of various types of spaces – open space, private offices, meeting rooms, common areas, break-out... **D/LINE by GUALMI.**

Les organisations, en général, quand elles pensent à ce dont elles ont besoin en termes d'organisation et d'archives de documentation, tiennent surtout compte de leur fonction, de l'espace, de la quantité d'information et la qualité du stockage... mais l'exigence augmente et aujourd'hui il existe sur le marché un nouveau genre d'entreprises – celles qui privilégient le détail – en ce cas l'esthétique, l'acoustique, et l'intégration dans l'espace... C'est en pensant à ces organisations que Guialmi a créé un nouveau système d'archives – D/LINE. Une collection d'esthétique épurée, assurant et multipliant les aspects fonctionnels. Une vaste gamme qui propose des solutions variées et adaptées aux particularités des espaces – open space, bureaux fermés, salles de réunions, cabinets, espaces communs, break-out...

# S/LINE

Guialmi apresenta a sua colecção de armários S/LINE. Uma colecção desenvolvida a pensar na satisfação das necessidades de organização de escritórios que continuam a produzir largas quantidades e variedades de documentos e papel. A oferta de vários tipos de portas, permite uma adequada utilização do armário segundo o tipo de documentos ou material a arquivar bem como segundo o tipo de espaço disponível (dimensão e ambiente). A qualidade de construção, a baixa emissão de ruído graças à qualidade dos materiais empregues e variedades de medidas, modelos e acabamentos são alguns dos principais benefícios de uma colecção que oferece o indispensável a qualquer empresa: ordem, organização e eficiência. **S/LINE by GUALMI.**

Guialmi presenta su colección de armarios S/LINE. Una colección desarrollada pensando en la satisfacción de las necesidades organizativas de aquellas oficinas que siguen produciendo grandes cantidades y variedades de documentos y papeles. La propuesta de varios tipos de puertas permite una adecuada utilización del armario, según el tipo de documentos o material a archivar, así como en función del espacio disponible (dimensiones y ambiente). La calidad de construcción, la reducida emisión de ruido, gracias a la calidad de los materiales utilizados, y la variedad de medidas, modelos y acabados son algunos de los principales beneficios de una colección que ofrece lo indispensable para cualquier empresa: orden, organización y eficiencia.

**S/LINE by GUALMI.**

Guialmi offers its collection of S/LINE cabinets. This is a collection that was developed thinking about the satisfaction of the organizational needs of offices that are still producing large amounts and varieties of documents and paper. The offer of various styles of doors allows for a better usage of the cabinet not only as per the type of documents or material to be filed but also as per the kind of space available (dimensions and environment). The quality of the manufacturing, the low emission of noises given the quality of the materials used, and the variety of measures, models and finishes are some of the main benefits of this collection, thus offering the indispensable to any company: order, organization and efficiency **S/LINE by GUALMI.**

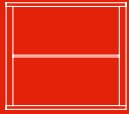

Guialmi présente sa collection d'armoires S/LINE. Une collection créée pour satisfaire les besoins d'organisation des bureaux qui produisent encore de grandes quantités de papier et toutes sortes de documents. L'offre de plusieurs modèles de portes, permet une utilisation plus conforme à l'utilisation de l'armoire en fonction du type de documents ou matériel à archiver mais aussi du type d'espace disponible (dimension et environnement). La qualité de construction garantit un bas niveau de bruit grâce à la qualité des matériaux employés, la grande variété de mesures, modèles et finitions sont certains des avantages de cette collection qui offre l'indispensable à n'importe quelle entreprise : rangement, organisation et efficacité. **S/LINE by GUALMI.**

# K/LINE

A colecção K/LINE surgiu de um processo criterioso e muito cuidadoso de desenvolvimento de um armário desmontável, mas que assegurasse aos usuários o elevado nível de resistência, durabilidade e performance de funcionamento similar à colecção S/LINE (a versão monobloco deste produto). O resultado final é um armário que viaja desmontado (com um custo de transporte baixo), de fácil montagem (custo de instalação baixo) e com um nível de qualidade de construção e funcionamento idêntico aos produtos soldados durante o processo de fabrico.

**K/LINE by GUALMI.**

La colección K/LINE surgió de un cuidado proceso de desarrollo de un armario desmontable, que asegurase a los utilizadores un elevado nivel de resistencia, durabilidad y con un funcionamiento similar a la colección S/LINE (la versión monobloc de este producto). El resultado final es un armario que se transporta desmontado (con un reducido coste de transporte), fácil de montar (reducido coste de instalación) y con un nivel de calidad de construcción y funcionamiento idéntico a los productos soldados durante el proceso de fabricación. **K/LINE by GUALMI.**

The K/LINE collection was created from a criterions and very careful development plan for the production of a dismountable cabinet, but one that would assure the users of its high level of resistance, duration and performance, one that is similar to the S/LINE collection (the mono-block version of this product). The final result was a cabinet that travels disassembled (low transport cost), and that is easily assembled (low assembling cost) and with a high level of manufacturing and functions identical to the products that were welded together during the manufacturing process.

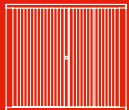

**K/LINE by GUALMI.**

La collection K/LINE est née d'un processus judicieux et très soigné d'une armoire démontable, mais assurant aux usagers un haut niveau de résistance, durabilité et une performance égale à celle de la collection S/LINE (la version monobloc de ce produit). Le résultat final est une armoire qui voyage une fois démontée (bas coût de transport), montage facile (bas coût d'installation) et un haut niveau de qualité de construction et fonctionnement pareil à ceux soudés pendant la fabrication.

# BELLOW

Desenvolvido e produzido na Gualmi o armário BELLOW é a resposta às necessidades de empresas e organizações cada vez mais sensíveis às questões do controlo de custos e orçamentais. A colecção BELLOW oferece um armário na sua essência similar à gama S/LINE, diferenciando-se pela espessura da chapa empregue no exterior do armário e pelo sistema de fecho, permitindo posicionar esta gama como uma das soluções que mais "good value for money" oferece aos seus compradores. **BELLOW, uma marca com a garantia GUALMI.**

Desarrollado y producido en Gualmi, el armario BELLOW es la respuesta a las necesidades de las empresas y organizaciones cada vez más sensibles a las cuestiones del control de gastos y presupuestos. La colección BELLOW ofrece un armario similar, en su esencia, a la gama S/LINE, diferenciándose por el espesor de la chapa utilizada en el exterior del armario y por el sistema de cierre, haciendo de esta gama una de las soluciones que más "good value for money" ofrece a sus compradores. **BELLOW, una marca con la garantía GUALMI.**

Developing and producing at Gualmi the cabinet BELLOW is the answer to the needs of the companies and organizations that are more and more sensitive regarding costs control and budgets issues. The BELLOW collection offers a cabinet that in its essence is similar to the S/LINE range, but the thickness of the external sheet used in the cabinet and the locking system are somewhat different, but which also allow for the placing of this range as one of the solutions on offer that are "good value for money" to the buyers of **BELLOW, a brand guaranteed by GUALMI.**

Développée et produite par Gualmi l'armoire BELLOW répond aux besoins des entreprises et des organisations de plus en plus sensibles sur le contrôle des coûts et du budget. La collection BELLOW présente une armoire égale dans son essence celle de la gamme S/LINE, qui diffère par l'épaisseur de la tôle extérieure et le système de fermeture. Cette gamme est une des solutions offrant le plus de "good value for money" à ses acheteurs. **BELLOW est une marque de garantie GUALMI.**

#### SISTEMA DE FECHO

Duas chaves (flexi-key)  
Canhão intermutável, cilindro e chave numerados  
Chave mestra (opcional)

#### ESTANTES E SUPORTES EXTENSÍVEIS

Facilidade de substituição e incorporação de elementos adicionais  
Ajustáveis em altura

#### ESTANTES

Permitem a aplicação de pastas na zona inferior  
(Esta funcionalidade também está disponível no interior do tecto dos armários)  
Peso suportado: 65 Kg, uniformemente distribuídos

#### SUPORTES EXTENSÍVEIS

Extracção Total  
Sistema anti-tilt (opcional)

#### SISTEMA DE CIERRE

Dos llaves (flexi-key)  
Bombillo intercambiable, cilindro y llave numerados  
Llave maestra (opcional)

#### ESTANTES Y SOPORTES EXTENSIBLES

Facilidad de sustitución e incorporación de elementos adicionales  
Ajustables en altura

#### ESTANTES

Permiten la aplicación de carpetas en la zona inferior  
(Esta funcionalidad también está disponible en el interior del techo de los armarios)  
Peso soportado: 65 Kg, uniformemente distribuidos

#### SOPORTES EXTENSIBLES

Extracción Total  
Sistema anti-tilt (opcional)

#### MATÉRIAS-PRIMAS

Chapa de aço ST12  
Espessura: corpo - 0.8 mm; base e tecto - 1.0 mm

#### PINTURA

Epoxy, de aplicação electrostática  
Espessura: entre 60 e 80 microns

#### PUXADORES

Armários Persiana S/Line e K/Line,  
equipados com puxador de alumínio à altura do armário,  
adequando a altura do ponto de abertura à altura do utilizador

#### BAIXO NÍVEL DE EMISSÃO DE RUÍDO

Baixo nível de emissão de ruído, dados os materiais empregues e o pormenor construtivo  
Absorção de ruído (nos armários insonorizados)

#### MATERIAS PRIMAS

Chapa de acero ST12  
Espesura: cuerpo - 0.8 mm; base y techo - 1.0 mm

#### PINTURA

Epoxy, de aplicación electrostática  
Espesura: entre 60 y 80 micras

#### TIRADORES

Armários Persiana S/Line y K/Line,  
equipados con tirador de aluminio a la altura del armario,  
adequando la altura del punto de abertura a la altura del utilizador

#### BAJO NIVEL DE EMISIÓN DE RUIDO

Bajo nivel de emisión de ruido, debido al material utilizado y al detalle constructivo  
Absorción de ruido (en armarios insonorizados)

#### AJUSTAMENTO AO DESNÍVEL DO SOLO

Regulação interior, até 15 mm

#### ACESSÓRIOS PARA ARMÁRIOS INSTALADOS

Estantes complementares  
Suportes extensíveis  
Bandejas porta lápis e bandejas para utilidades  
Substituição de punhos  
Substituição de niveladores  
Suportes de estantes  
Divisórias para livros  
Bandeja extensível

#### CAPACIDADE DE ARQUIVO

720mm de altura, 2 filas de dossiers A4  
1050mm, 2 filas de dossiers A4  
1340mm, 3 filas de dossiers A4  
1630mm, 3 filas de dossiers A4  
1980mm, 4 filas de dossiers A4

#### AJUSTE AL DESNIVEL DEL SUELO

Regulación interior, hasta 15 mm

#### ACCESORIOS PARA ARMARIOS INSTALADOS

Estantes complementarios  
Soportes extensibles  
Bandejas porta lápices y bandejas para utilidades  
Sustitución de tiradores  
Sustitución de niveladores  
Soportes de estantes  
Divisórias para libros  
Bandeja extensible

#### CAPACIDAD DE ARCHIVO

720 mm de altura, 2 filas de dossiers A4  
1050 mm, 2 filas de dossiers A4  
1340 mm, 3 filas de dossiers A4  
1630 mm, 3 filas de dossiers A4  
1980 mm, 4 filas de dossiers A4

**LOCKING SYSTEM**

Two keys (flexi-key)  
 Numbered interchangeable barrel lock, cylinder and key  
 Master key (optional)

**SHELVES AND EXTENDING SUPPORTS**

Easy replacement and addition of more elements  
 Adjustable in height

**SHELVES**

Allows for files on the lower part  
 (this function is also available inside the top of the cabinets)  
 Gross weight: 65 Kg, evenly distributed

**EXTENDING SUPPORTS**

Total extraction  
 Anti-tilt system (optional)

**RAW MATERIALS**

Steel sheet ST12  
 Thickness: body - 0.8 mm; base and ceiling - 1.0 mm

**PAINTING**

Epoxy, by electro-static application  
 Thickness: between 60 and 80 microns

**HANDLES**

Blinds Cabinets S/Line and K/Line,  
 Equipped with aluminum handles at the height of the cabinet,  
 thus adapting the height of the opening point to the height of  
 the user

**LOW NOISE LEVEL**

Given the materials used and the detail of the construction  
 they have a low noise level  
 Noise absorption (in the noisier cabinets)

**ADJUSTMENT TO UNEVEN FLOORS**

Internal regulation, up to 15 mm

**ACCESSORIES FOR THE INSTALLED CABINETS**

Additional shelves  
 Extending supports  
 Pen holders and utility trays  
 Replacement of writs  
 Replacement of levelers  
 Supports for the shelves  
 Book dividers  
 Extensible tray

**FILING CAPACITY**

720mm in height to 2 rows of A4 files  
 1050mm to 2 rows of A4 files  
 1340mm to 3 rows of A4 files  
 1630mm to 3 rows of A4 files  
 1980mm to 4 rows of A4 files

**SYSTÈME DE FERMETURE**

Deux clefs (flexi-key)  
 Canon interchangeable, cylindre et clef numérotés  
 Clef principale (option)

**ÉTAGÈRES ET SUPPORTS EXTENSIBLES**

Facilité de substitution et ajouts d'éléments additionnels  
 Réglables en hauteur

**ÉTAGÈRES**

Permettent l'application de dossiers dans la partie inférieure  
 (Cette fonctionnalité est possible aussi sur la partie supérieure  
 des armoires)  
 Poids supporté: 65 Kg, uniformément distribué

**SUPPORTS EXTENSIBLES**

Pouvant être ôté  
 Système anti-tilt (optionnel)

**MATIÈRE PREMIÈRE**

Tôle en acier ST12  
 Épaisseur: corps - 0.8 mm; base et plafond - 1.0 mm

**PEINTURE**

Epoxy, application électrostatique  
 Épaisseur: entre 60 e 80 microns

**POIGNETS**
